Professional Summary

Public Accountant graduated from Fundación Universitaria Los Libertadores, with technical training at SENA and specialized certifications in Data Analysis (Power BI) and Collections Management. Experience leading the end-to-end accounting cycle — journal entries, multi-bank reconciliations, provisions, depreciation and deferrals — as well as the tax front — preparation of tax return drafts, management of tax certificates and supporting documents, and review of DIAN reports. Analytical profile with a high level of attention to detail, oriented toward regulatory compliance (IFRS and Colombian tax legislation) and data-driven decision making.

Experience

Reciclajes Bogotá NS SAS, Integral Accounting Analyst

Bogotá, Colombia

Jan 2026 – present

7 months

- Tax front: preparation of tax return drafts, request and control of withholding certificates as tax support (account 1355), and review of the DIAN purchase-invoice report, ensuring compliance with Colombian tax legislation.
- Full posting of the accounting cycle: purchases, sales, petty cash (with system reconciliation), cash receipts, payment vouchers, and debit/credit notes, including bank loans.
- Monthly bank reconciliations across three institutions (Banco de Bogotá, Banco Caja Social, and Bancolombia) and reconciliation of advance payments, issuing the account 1330 advances report.
- Calculation and posting of depreciation and deferrals in Excel and the accounting system, plus provisioning for receivables and carriers with periodic balance reviews.
- Internal control and audit support: review of unbalanced or unposted documents and reporting on billing vs. payments, discounts, and pending invoicing.

Grupo Spira SAS, Accounting Assistant

Bogotá, Colombia

Aug 2022 – Dec 2025

3 years 5 months

- Management of large-scale bank reconciliations and administration of accounts receivable/payable.
- Support in preparing third-party information returns and reporting financial statements under local and international standards.
